

**CERTIFICATE OF ACTION TAKEN BY  
THE WOOD RIVER VALLEY IRRIGATION DISTRICT #45**

**P.O. Box 2223  
Hailey, Id 83333**

The undersigned hereby certifies that at the Wood River Valley Irrigation District #45 meeting on October 8<sup>th</sup>, 2024, The directors discussed the request by Century Link (Lumen Technologies) for access to the water districts Highway 75 canal ROW for communication upgrades in the area.

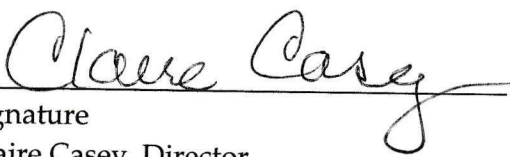

Century Link is working with the developer of Lateral 75 Subdivision to bring communication into their development. To do this Century Link needs to cross the Districts Canal on the north side of E. Glendale Rd, corner of Glendale Rd and Hwy 75. Map was supplied.

There is already a conduit attached to the bridge Century Link would like to use, however this requires digging on either side of the canal within the Water Districts ROW for completion of threading additional fiber optic cables through this conduit.

The Wood River Valley Irrigation District #45 directors are supportive of this proposed work within the canal ROW. The directors passed the motion giving their consent for this encroachment to be allowed by Century Link (Lumen Technologies).

Dated: October 8<sup>th</sup>, 2024
